## CURRENT COMMENT

The more one reflects on the tactics of the Hon. Walter Scott in springing the Saskatchewan elections on the people of that Province the more certain does it become that a fair fight and no favor was the last thing that he desired. It is the undoubted right of a Government to select the moment when they will appear before the people and it is their privilege to fix that time when it will suit themselves but there is an unwritten law among all honorable politicians that these elections shall be made with some regard to the rules of parliamentary usage and parliamentary decency. Further we are distinctly of opinion that these dirty little dodges invariably record on the head of the party using them. Mr. Scott will probably find that the plain honest men of Saskatchewan do not suppose his little mean ways. It is in deep with the patriotism of the man who when at press conference and tarantined on stage the opposition papers that he should not be unduly to match a vote of confidence. The last thing that Mr. Scott desires is the honest opinion of the Saskatchewan electorate. He knows where that would land him but he hopes that a little manipulation of his hand of deacons may be sufficient to carry an election fight for the farmers' interest. There is no time for an exhaustive campaign by Mr. Haultain and his followers but we believe that such as Mr. Scott has adopted are self evident and will bring their own punishment. There is one class of voter who should plump for Mr. Haultain's party and that is the not inconsiderable class of organized labor. The government that gave birth to the Blomberg contract subsidy for ten years a Yankee trust employing "scab" labor supplies school books to the Saskatchewan children is no government for a young Canadian Province. This in itself should be enough to defeat the Scott administration.

One is constantly running up against good things in that interesting column in the Saturday News under the heading of the "Mirror" on last week's issue there is a delightful article on the Lane of Canada from the pen of the talented author who writes under the nom de plume of "Eggy." The whole article breathes that wonderful spirit which thrives so well in the west that which has belonged to all cities and all ages and is the modern equivalent for the "Barns" rage of the days of yore. The whole is so full of life and so well written that it is impossible for us to quote the article in its entirety and we should not like to spoil it by excerpts.

The Toronto Sun, Goldwin Smith's well-known weekly which has always manifested a strong disposition to support the Liberals, recently printed an article criticizing the government. One Paragraph Says:  
"Nevertheless THE DUTY OF EVERY UNCORRUPTED LIBERAL IN CANADA IS TO DEFEAT THE RECURRENT LIBERALS NOW IN POWER and leave the future to take care of itself."

## PREPARE FOR THE GRAFTERS

(Mail and Enquirer)  
The long season's parliament has at last come to an end, and as a result the revelations of corruption and of graft are for the moment suspended.

While we ought to be thankful for this relief, we cannot forget that we are left to consider the cost of the plundering during the past few years. According to the public accounts the charge for governing the country in 1918 was \$11,700,000. Last year the cost was \$11,900,000. This is an increase of \$200,000. There is reason to suspect that a very large proportion of the \$200,000 was either thrown away or stolen. The investigations before the public accounts committee make it clear that on transactions with the government involved politicians are allowed a "rakeoff." This consideration is sometimes 25 per cent and at other times as high as 50 per cent.

The newspapers which defend the grafting are allowed 25 per cent on printing orders. On the other hand Mervin and Walberg made as high as 100 per cent in some cases, while the gentleman who furnished the buyers gets 100 per cent upon his articles. The rakeoff system is undoubtedly responsible for a very considerable portion of the increase in the cost of administration. In addition to this we have the Grand Trunk Pacific blunder to swell the accounts for many years to come. This scheme was devised for grafting purposes. The Ottawa politicians saw in the thing the chance to give out contracts and orders of various kinds to their friends, and for this reason chiefly the huge expenditure was entered upon. By the G. T. P. we are losing no less than \$180,000,000 on top of this loss we have the Quebec bridge rascality to alone for. This manoeuvre to make a group of politicians rich at the public expense has gone wrong owing to mismanagement on the part of the federal ministers. We have to pay \$14,000,000 as a consequence while we are suffering from the bridge crookedness, other plundering propositions have been launched in the shape of railway subsidies and guarantees. That there is graft in these public grants of money is very certain. We may be sure that the politicians who give rakes with the freedom observed at Ottawa are not straight in their management of the railway grants. In addition to these concessions we are confronted with the huge public works program, which is devised with a view to political rather than to business advantage. This also is robbery. If it is to be taken without a fair return it is not less than to spend the money of which one is a trustee wastefully, and for the benefit of the persons of the persons to whom the trust is conferred.

It is because of the system of wholesale and retail stealing at Ottawa that the public expenditures have risen from \$8 per head to \$18. And it is because of the determination to expose the robberies and to bring the thieves, if not to a criminal court, at least to the bar of public opinion, that the session was so long. Months have been wasted owing to the attempts of the ministers to block enquiry, and to pass an election law enabling them to defend themselves artificially at the polls. The question now is whether or not we shall have another session. We believe that the Ottawa politicians dare not meet parliament again. If they do another batch of thefts will be exposed. For this reason it is well for Canada to get ready for a fight, and for every honest man to be prepared to aim a substantial blow at the grafters.

## Press Comment on Saskatchewan Election

If Mr. Scott had the inward consciousness that his government is dishonest and capable of anything he would submit to the unrestricted scrutiny of public opinion. His tactics throughout are a self-conscious

But the people are not aroused to vigorous and active resentment. The call to action has been passed speedily along the lines and the response is most encouraging.

The scoundrels who have disgraced the name of responsible government must be routed. The task is easier than it looked at first glance. Where there is a will there is a way.

The attempt of the government to steel back into power will prove a boomerang. A strong current of resentment has already set in. It will gain force from day to day until the 14th prox., when it will sweep the rascals out. All decent Liberals are swelling the onward tide. The greater the outrage the

greater the resentment. That is a characteristic transmitted among freemen from father to son.—Regina Standard.

The dissolution of the Saskatchewan Legislature without any notice and with the open design of snatching a verdict from the people of the province before they can properly become seized of the issues is the latest act of the bold band of political buccanniers which is dictating the policy of the country in the name of Liberalism. Walter Scott, the Premier of Saskatchewan, is merely a plant tool in the hands of the directors of the band, whose headquarters are at Ottawa. The daring pirates have been forced to recognize by the trend of events that their pirate ship is in danger, that the people have at last become aroused to the game of plunder that has been carried on so long in the country, and that the day of reckoning is at hand.—Winnipeg Tribune.
